

# Bracewell's Energy Transition Prowess Recognized in 2023 FT Innovative Lawyers North America Report

Awards & Rankings

December 06, 2023 | 1 minute read | New York

**HOUSTON – Bracewell LLP** was recognized for its work leading clients through the energy transition in the 2023 FT Innovative Lawyers North America Report, which spotlights law firms and in-house legal teams for their leadership in digital innovation, strategic advice, talent management and driving positive change in the profession.

In the Practice of Law – Energy Transition category, the firm was highly commended for representing Synovus Bank in acquiring energy transition tax credits from a battery storage developer. **Kate H. Day** and **Kate Barrington McGregor** led the Bracewell team on this innovative transaction, which was one of the first signed credit transfer agreements since the enactment of the Inflation Reduction Act of 2022.

Published annually in conjunction with research partner RSG Consulting, the FT Innovative Lawyers North America Report examines key trends and transformations in the legal sector.
