

Trump's Oil and Gas Donors Don't Really Want to 'Drill, Baby, Drill'

Media Mentions

November 22, 2024 | *The Wall Street Journal* | 1 minute read

Scott Segal, partner and co-chair of Bracewell's Policy Resolution Group, talked with *The Wall Street Journal* about tariffs and their potential impact on President-elect Trump's desire for the United States to achieve global energy dominance.

"In a world where we have undifferentiated tariffs that cause market retaliation for exported energy commodities, it could become very hard to exert energy dominance," said Segal.
