February 23, 2018

By: [Joshua C. Zive](#) and [Paul Nathanson](#)

Paul Nathanson swings by The Lobby Shop to talk with Josh about trade policy news. First up is a discussion of proposed steel tariffs and their potential to hurt American industry, then an update on NAFTA and Canada's interest in removing ISDS provisions, something that could impact the Administration's interest in renegotiating the trade agreement, followed by a quick look at the recently instated solar tariffs and their impact so far, and wrapping with some blockbuster reviews.
