About Anna

Anna Wortham focuses her practice on healthcare litigation and regulatory matters. She represents healthcare providers, including hospital systems and hospitals, as well as physicians and physician groups, and has significant experience litigating healthcare disputes involving managed care, billing and reimbursement, and complex commercial matters, including contract, tort, employment, and business disputes. Anna has also represented healthcare clients in regulatory and compliance matters, including government investigations.

Recent Notable Matters

Hospitals and healthcare providers – managed care disputes with insurance companies*

Hospitals and healthcare providers – multiple disputes involving fraud and breach of contract cases involving issues with Texas Department of Disability Services, Texas Health and Human Services, and federal and state health laws and regulations*

Emergency room and hospitalist management and staffing company – general business matters and contract disputes*

Healthcare providers – successful obtainment of emergency in connection with the sale of medical practice, including breaches of non-competition agreements*
