

Kristin Smith: Demystifying Blockchain & Envisioning a Thriving Digital Future

Podcast | Madam Policy

January 27, 2022 | 1 minute read

Ready or not, cryptocurrency and blockchain technologies are here, and they are the hot topics among policy leaders. What's on the policy horizon? Kristin Smith, Executive Director of the Blockchain Association, shares five policy priorities with hosts [Dee Martin](#) and Anne Termine. As the leading voice for the blockchain industry, Kristin is constantly working on cultivating the right mix of policies so blockchain networks can truly thrive. Having just spoken at the CES conference, Kristin shares her extensive knowledge on digital assets, NFTs, decentralized finance, and the impact of the infrastructure bill on crypto tax treatment. Also hear about Kristin's pathway from Capitol Hill staffer to Executive Director for life lessons you won't want to miss! Never a dull moment with this Fortune 40 Under 40 honoree who is widely-recognized for her lobbying prowess and tech expertise, Kristin Smith.
